# How can we help?

In some or all of the following ways;

## Recovery

If you can't drive your car after a bump then one call to us and we'll arrange recovery back to a place of safe storage.

## Repair

Through our network of approved repairing garages we can see your car back on the road repaired to it's pre-accident condition as quickly as possible. Using genuine parts and components the quality, warranty and safety of your car will be maintained.

We'll let your insurer know what's happening too, right from the start.

## Hire

Depending on the accident circumstances You should be entitled to a replacement vehicle the same as or similar to your own. This can be from the date of the accident if your own is un-driveable or for during the period of repair. We can make all the necessary arrangements for you.

## Other Losses

How else can we help? We can if needed arrange free telephone legal advice with a specialist lawyer to deal with any injury claims for you and your passengers. Any other losses or expenses may also be recovered too.
